Introduction

QRP self-learning software as a service (SaaS) is a cloud software platform that can be used in IE, Google Chrome, Firefox, Apple Safari, as well as on iPads, Android tablets, and smartphones, to increase learners' skills. Features include:

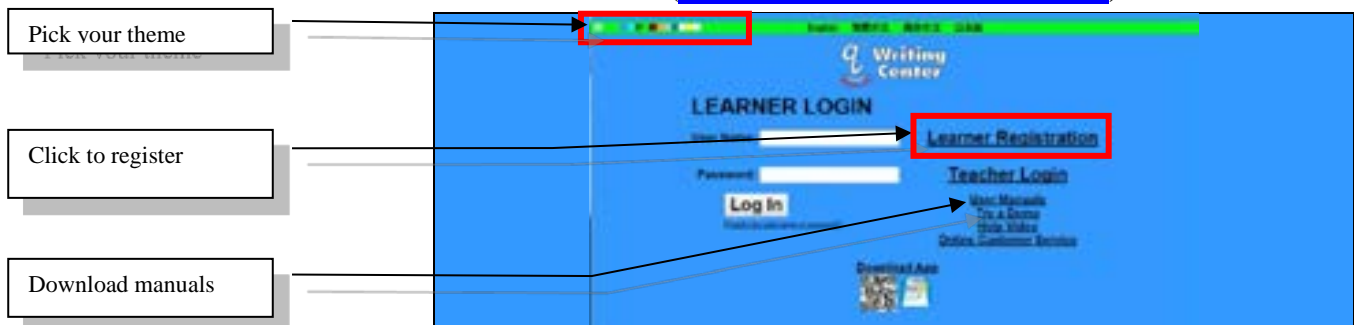

- Redrafting and process writing are encouraged through reassigning work so that students can correct and edit based on computer and teacher feedback. This improves learning and achieves the goal of **doing by learning, learning by doing, and improving through doing**.
- **QRP** is totally online, in the cloud, no need to install or download software. In addition, after logging in, the user can download the **QRP** ebook.
- Learners can change interface language at any time for a localized experience.
- The learner's work and rework are automatically saved. Furthermore, **QRP** can quickly cloud auto check the learner's work and/or rework.
- Each writing type can be used in up to nine different assignments per class.
- Each essay type includes Help Notes, containing built-in writing guidelines on writing style, content, and format with examples to guide learners in practicing writing.
- **QRP** provides a Help Video with a 60-second demonstration on every page.
- Learners can collect, track, and analyze their own homework details, helping to focus on weak points.
- Big Data Analytics: Available error statistics for each assignment enable the individual learner to accurately target weaknesses to improve. Learners can collect, track, and analyze their own writing details, helping to understand and overcome learning bottlenecks.

Chapter 1: Register & Log In

A. Register

1. First, you can pick your theme by clicking one of the colors on the top left. Before using QRP, you need to first register. If you are the first time user, go to Click “**Learner Registration**” to register, as shown in Figure 1-1. If you are already a registered user of any QBook software, log in first and then key in your new registration number below “Enter your registration number to register as a user.” In addition, QBook Writing Center App enables learners to use any of the QBook's writing programs from anywhere on their Android tablets or smartphones.

(<https://writingcenter.qbook.org>)

2. Please type in the registration number exactly and pay attention to the capitals and lower case letters. Next, click the “**Submit**” button, as shown in Figure 1-2. If the registration number is not correctly entered, you will be taken to a warning page, as shown in Figure 1-3; click “**Go Back to Login Page**” to re-enter or check your registration number. You can stick the registration number sticker on the book for the purpose of future inquiries about your user name and password.

B. Log In

Type your user name and password at the homepage page of QBook Writing Center (<https://writingcenter.qbook.org>) to log into the system, as shown in Figure 1-6.

Figure 1-6: Homepage of QBook Writing Center
(<https://writingcenter.qbook.org>)

Click “**Start**” in front of the “**QRP Self-Learning Software**” to enter the system, as shown in Figure 1-7. If you are interested in other QBook cloud software systems, please email qbook@qbook.org to make a purchase or learn more. To activate any additional software, key in the registration number at the right side of the software name and then click “**Add**.”

Figure 1-7: Click “Start”

When using **QRP** for the first time, you will see a screen asking you to update the system; click **“Update Now”** to update, as shown in Figure 1-8. This screen will not show up in subsequent logins; rather, you will be taken to the main page, as shown in Figure 1-9. Moreover, you can click **“Download Ebooks”** to download ebooks, as shown in Figure 1-9.

Chapter 2: Write Sections

A. Begin on a New Section

Use the drop-down menu to choose a new section and then click “**Start This New Composition**” to begin writing, as shown in Figure 2-1. Each section type can be used in up to nine different compositions, for example, Augmentation 1-9.

Figure 2-1: Writing a New Section

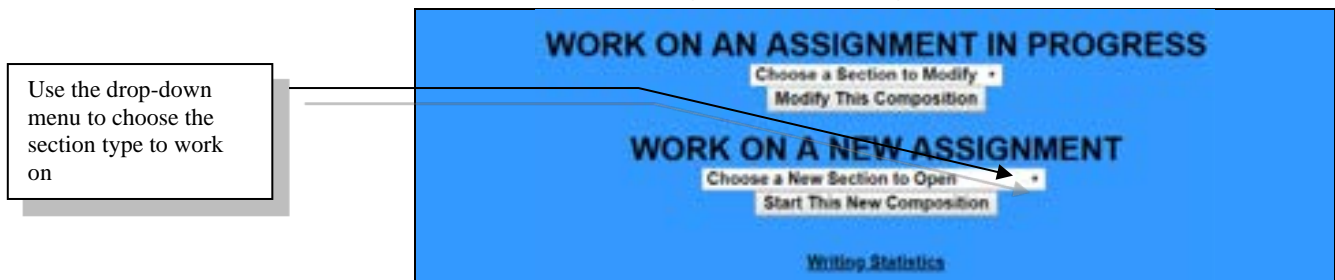

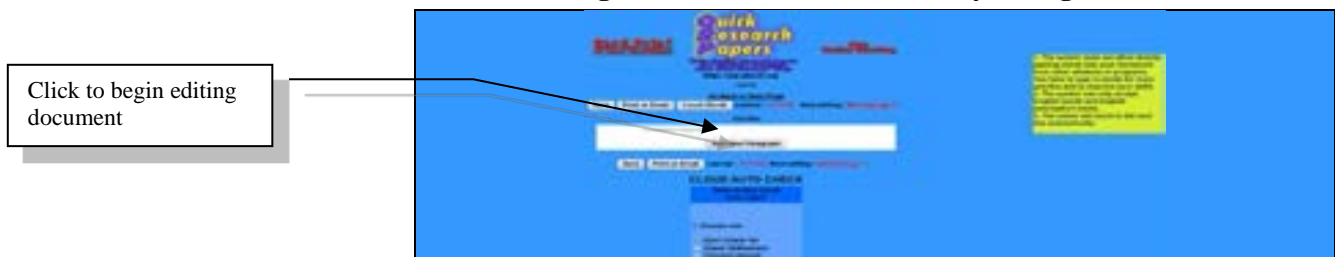

Figure 2-2: A New Section Ready to Begin Work

System settings include:

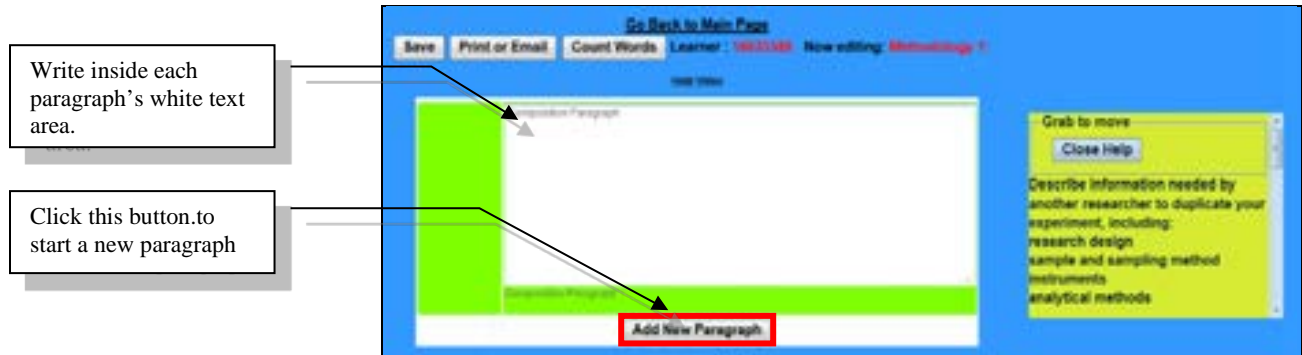

1. The system can only accept English words and English punctuation marks.
2. The cursor will move to the next line automatically.
3. If you use Chrome, Firefox, or Safari, misspelled words will be underlined in red when editing a paragraph. To correct a misspelled word, right-click on it, and then select one of the suggested words at the top of the menu (Note: The in-browser spell-checker must be activated and set to the correct language).

Body of the Section

You can click “**Add New Paragraph**” to start a new paragraph, as shown in Figure 2-3. When the paragraph changes in color, to a green background, you can click to begin writing/editing inside the white area, as shown in Figure 2-4. You can write any paragraph by moving

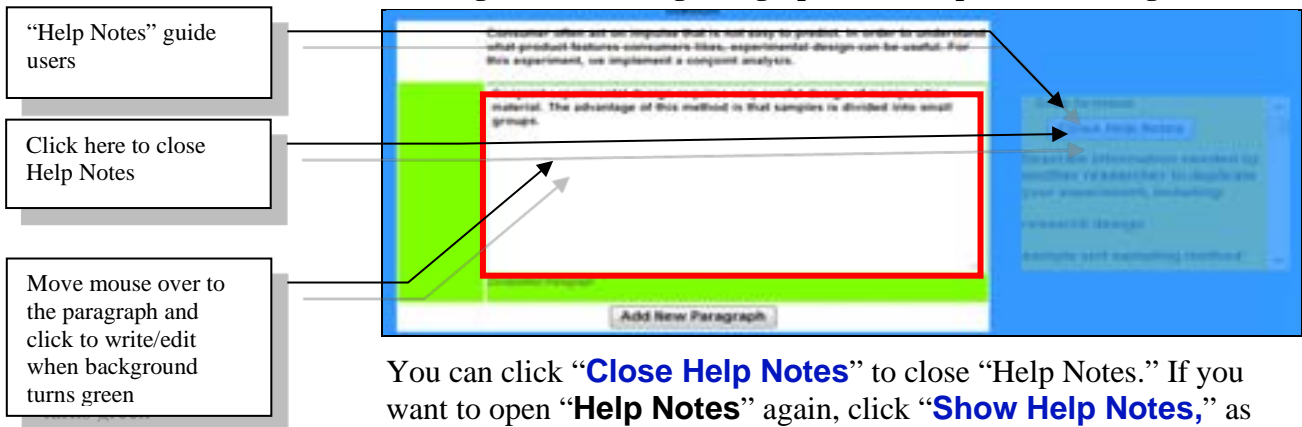

the cursor near to the words “**Composition Paragraph**” or edit words you have previously written.

Figure 2-3: Add a New Paragraph

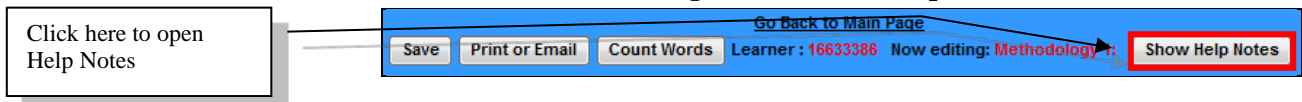

The yellow box on the right, “**Help Notes**,” will automatically pop up, as shown in Figure 2-7. “**Help Notes**” provide writing guidelines, including computer assisted instructions on writing style, content, and format, with examples specific to the research paper, the research proposal, the cover letter, the paper critique or the paragraph being worked on. “**Help Notes**” can be dragged to any place on the screen you like. You can close and open “**Help Notes**” any time.

Figure 2-4: Editing Paragraphs with Help Notes Guiding Users

You can click “**Close Help Notes**” to close “**Help Notes**.” If you want to open “**Help Notes**” again, click “**Show Help Notes**,” as shown in Figure 2-5.

Figure 2-5: Show Help Notes

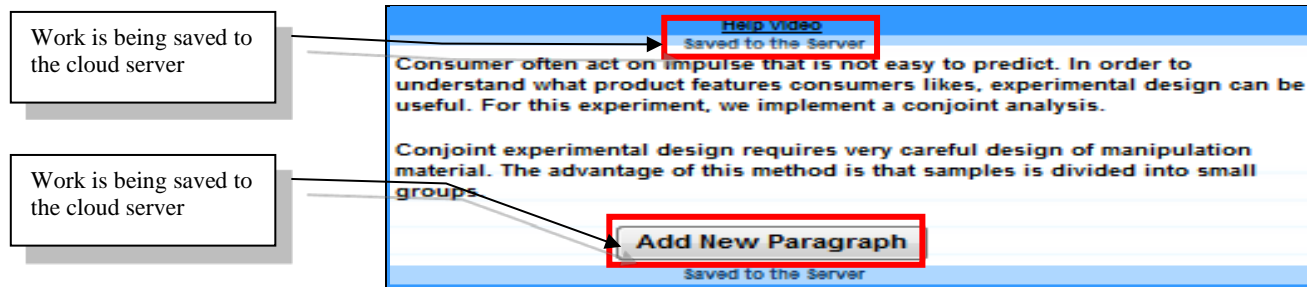

Save

This system has an auto saving function. When you click outside the paragraph you are working on, all your work will automatically save to the cloud server. When “**Saved to the Server**” appears, your

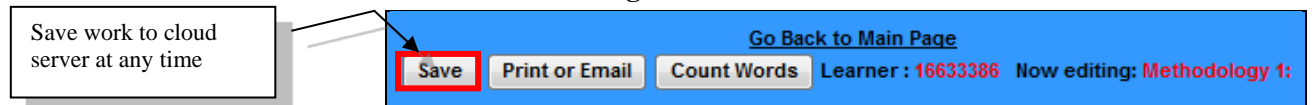

writing content has been automatically saved, as shown in Figure 2-6. There is no need for you to upload your work to your teacher.

Figure 2-6: Work Automatically Saved to Cloud Server

Another way to save your work is to click the “**Save**” button, as shown in Figure 2-7.

Figure 2-7: Save Work to Cloud Server

Print or Email

You can also use the “**Print or Email**” function to print or email your section.

Figure 2-8: Print or Email

Count Words

You can utilize the “**Count Words**” function to count words in the body of your composition, as shown in Figure 2-9. A screen will pop-up and show the number of words in your body, as shown in Figure 2-10.

Chapter 3: Cloud Auto Check & Rewrite

A. Cloud Auto Check

You can initiate Cloud Auto Check any time, and your writing or rewriting can be checked instantly. The blue radio button is on “**Don’t Check Yet**” if the current writing has not been automatically checked yet, as shown in Figure 3-1. If you want to Cloud Auto Check writing or rewriting, click the radio button in front of the “**Check All/Recheck**.” Cloud Auto Check will start checking your writing for errors.

Figure 3-1: Cloud Auto Check: Don’t Check Yet

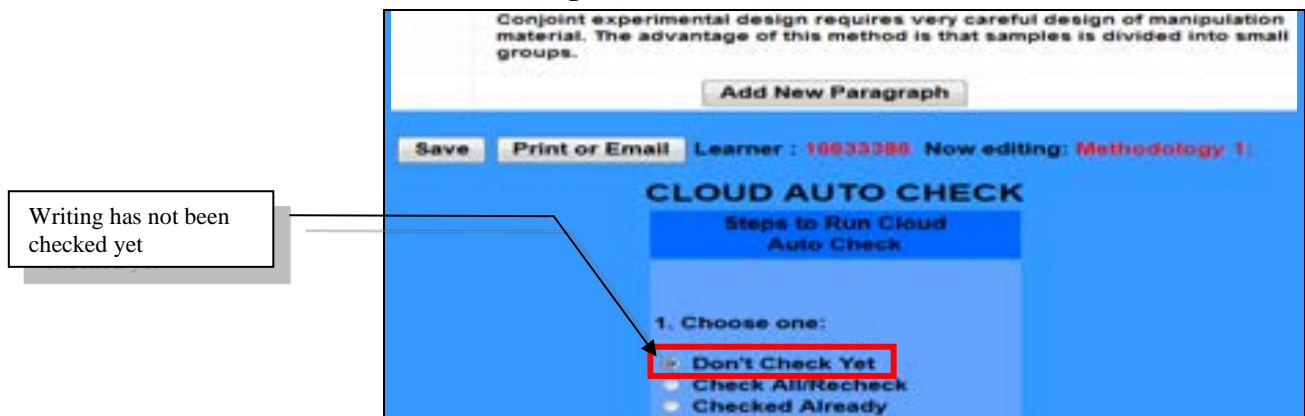

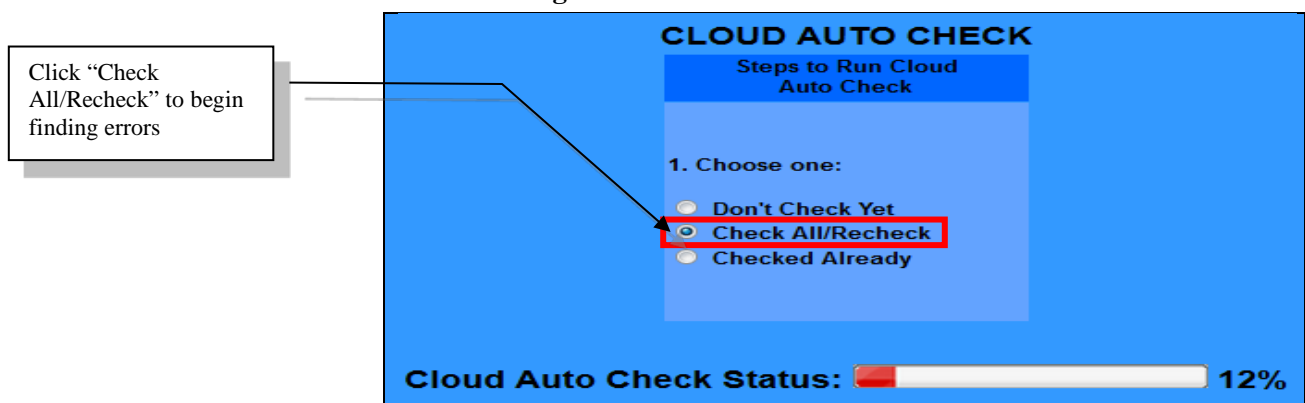

Figure 3-2: Cloud Auto Check: Check All/Recheck

After finishing Cloud Auto Check, the radio button in front of “**Checked Already**” will turn blue, as shown in Figure 3-3, and “Errors in this paragraph” will appear below each paragraph, showing each error’s details, as shown in Figure 3-4. If you edit the section, making any changes, then you can click “**Check All/Recheck**” again, to keep the error check up to date.

B. Correct Mistakes & Rewrite

You can correct mistakes and/or rewrite the section based on cloud feedback. First, move your cursor over the paragraph you want to edit. When the paragraph changes in color, to a green background, you can click to begin rewriting/editing inside the white area, according to the paragraphic errors (in green color) found by Cloud Auto Check, as shown in Figure 3-5. In doing so, Redrafting and process writing are enabled. This improves learning and achieves the goals of learning by doing, doing by learning, and improving through doing.

Figure 3-5: Correct Mistakes & Rewrite

After finishing correcting or rewriting, click the radio button in front of **“Check All/Recheck,”** and Cloud Auto Check will begin rechecking your writing, as shown in Figure 3-6.

D. End or Take a Break from Practicing

When you want to end or take a break from practicing writing or rewriting, click “**Save**” if you want to keep both your writing contents and results from Cloud Auto Recheck, as shown in Figure3-10. On the other hand, if you just want to keep your writing content, but not the Cloud Auto Recheck results, click the radio button in front of “**Don’t Check Yet**” and then click “**Save**,” as shown in Figure3-11. Lastly, click “**Go Back to Main Page**” or “**Log Out**.”

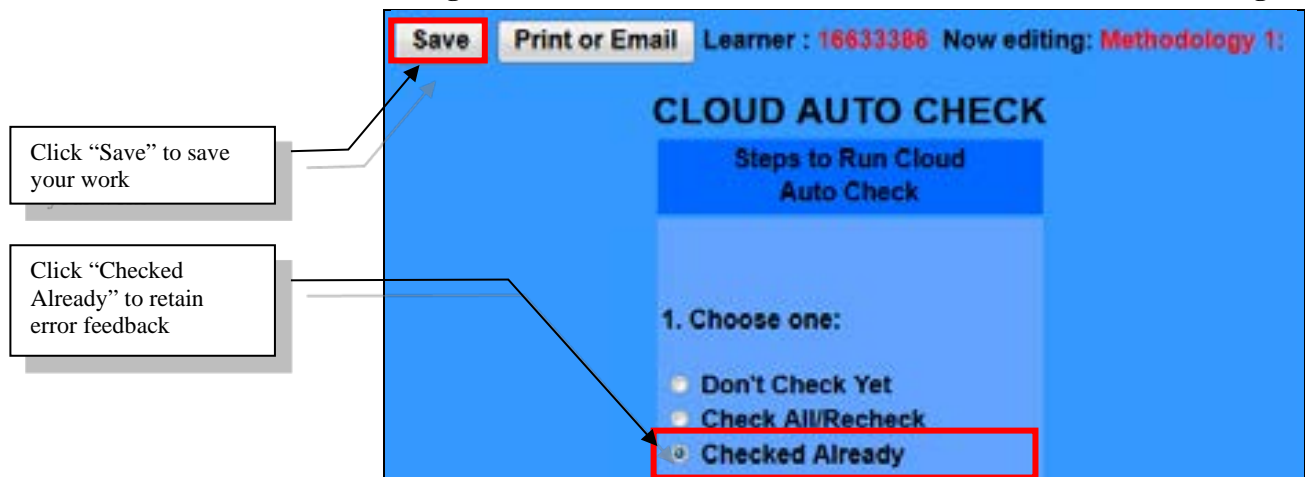

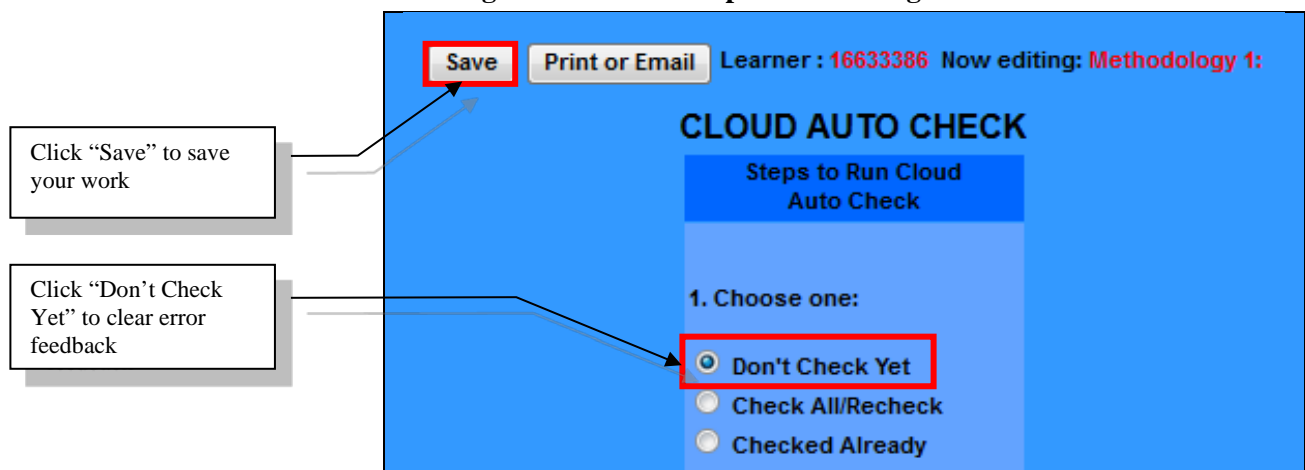

Figure 3-11: Just Keep Your Writing without Checked Errors

Later, if you want to continue to work on this specific section, use the drop-down menu below “**WORK ON A SECTION IN PROGRESS**” to choose the section and then click “**Modify This Composition**” to edit this section, as shown in Figure 2-11.

Chapter 4: Writing Statistics

A. AI Analytics

Click “**Writing Statistics**,” at the bottom of the class management page, as shown in Figure 4-1, to run the AI analysis of error types. After the analysis is complete, the page will display error statistics for each writing. You can view individual analytics of each writing practice, as shown in Figure 4-2, to enable you to have a good grasp of learning bottlenecks.
